

1. Remove the Titan Telescoping Flagpole from the Ground Sleeve.
2. Place Sleeve Clamp over top of the installed Ground Sleeve (Sleeve Clamp must make full contact with Ground Sleeve).
3. Re-install Titan Telescoping Flagpole in the Ground Sleeve.
4. Use correct size wrench or socket to tighten down locknut on Sleeve Clamp until Titan Telescoping Flagpole cannot be removed by hand from the Ground Sleeve. (Do not over-tighten.)
